### **1. Blake Family of Andover, Hampshire, England**

**With my new glasses (bifocals) I am getting back to work. I still have the Companion Charting Book for the Siderfin Family that I published last January and that will be in process at the same time. It is about half completed. I think that actual work on the Blake Family of Andover, Hampshire, England book will commence around the middle of October.**

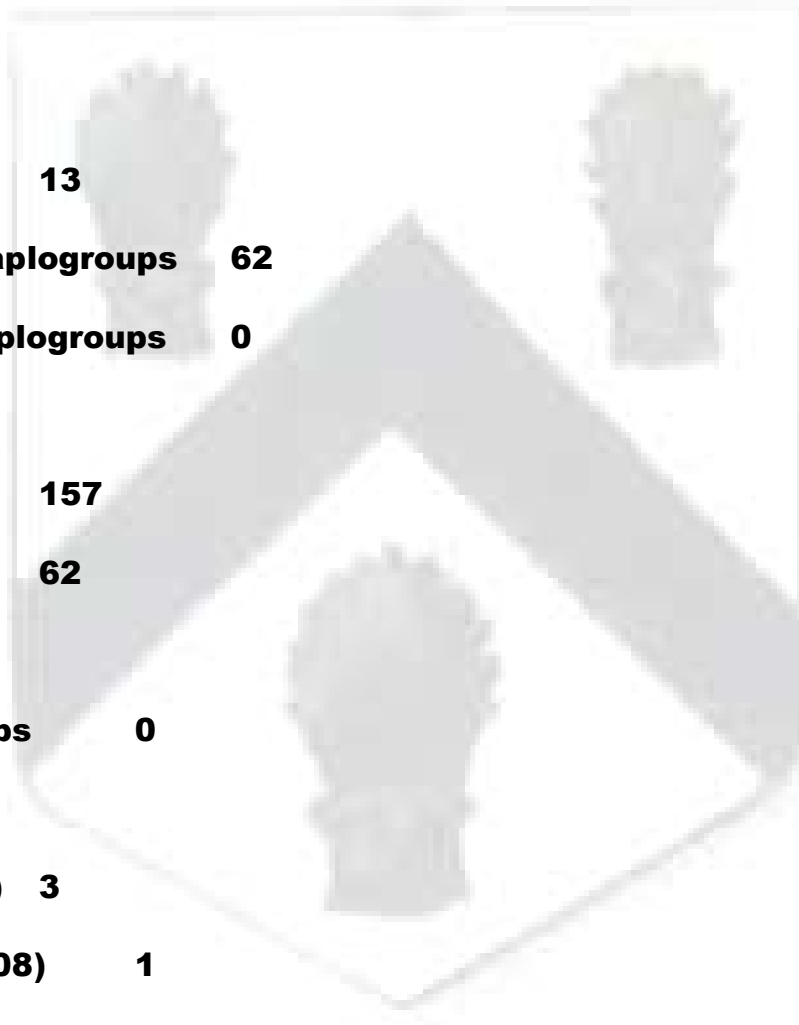

**I had predicted I would return to the book around the end of September but this will move forward a little as it did take me a while to get used to my new glasses but also to get used to just not wearing glasses. Amazing stuff, medicine for sure.**

**I do plan on keeping the Blake yDNA project up to date on this book over the next two years. We may see a slightly shorter newsletter though and of course I welcome any Blake family history if you wish to submit an article on your line.**

**There is one new member to the group and two not yet assigned. A few of the groups have independent researchers who manage them and likely you will have heard from them if you are matching them. I do not generally write to anyone as I am likely unable to aid you unless you are in one of their groups or in the group from which my Blake line descends. To me this is a collection period during which vast amounts of data are going to get organized and the methodology continues to develop as to just how we will organize this data. FT DNA does a great job with their current (and it is fairly new) y-DNA tree assigning haplogroups way into the past and up to the present to match the results that have been obtained by testing the samples. I can aid very little to that other than try and organize the kits of people in this project into lines that suit the results of their data. This may not happen quickly as time needs to pass with each result whilst I look at the available data. All individuals are now assigned. I always welcome any comments from people on the assigning to a particular group. R-M269 is a particularly large group within the study and it has been broken down by an earlier researcher. I have somewhat retained the structure that he had because he often communicated with individuals within the group. But I do welcome any new information that might help to better refine some of these groups.**

### 3. Andover, Hampshire, England, Parish Registers - Baptisms

Andover, Hampshire, England has often been said to be the “home of the Blakes” when I have been writing to people in Hampshire through the years. I would say that Calne, Wiltshire perhaps has a stronger hold on that particular title although there are a number of other areas in England where the Blake family has been for centuries. When I decided to transcribe the Parish Registers of Andover I was surprised to find that yes there are a number of Blake entries but there are far more Blake entries in Parish Registers in other parts of England as mentioned. In this issue, I will publish the baptisms for Blake and others in the Parish Registers. These records are taken from fiche which have scans of the original parish registers. The registers for baptisms begin in 1588 and have provided me with a lot of details on the Blake family in Andover in the late 1500s and into the 1600s/1700s. Eventually I hope to complete my project of transcribing these Parish Registers for St Marys Andover beyond the early to mid 1700s.

Baptismal Registers commenced in 1588 and I will publish these transcriptions for Andover.

#### 4. Andover, Hampshire, England Parish Registers burials

I will publish the burials for Blake and others in the Parish Registers of St Marys Andover. These records are taken from fiche which have scans of the original parish registers. Eventually I hope to complete my project of transcribing these Parish Registers for St Marys Andover beyond the early to mid 1700s.

##### Burial Registers commenced in 1586 (Old Style) (1586/87 New Style)
